**This is a page that we include in our TechTrainer Handbook!**  
The handbook in it's entirety includes step-by-step instructions for many tech skills. The hole punches are on the opposite side of the page so that your passwords can be stored safely, face-down in a folder or binder.

---

TechTrainer provides technology training through multigenerational connection and personalized, intuitive instruction. Clients can book one-on-one sessions to learn basic technology skills, stay connected in their communities and preserve memories. TechTrainer utilizes a unique handbook style teaching method, empowering clients to achieve their goals with their personal technological devices.
